SAFE

### HIDE SKIMMER LID KIT INCLUDES

#### SAFETY KEY

A 316L marine grade stainless steel tool, to enable the installed HIDE cover to be safely and easily opened and closed.

#### HEIGHT ADJUSTER

Used only when additional height is required. Provides 2mm extra height if inlay material is not thick enough to achieve a flush finish with the top of the Inlay Cover.

#### INLAY LID

A 316L marine grade stainless steel tray which holds the inlay (landscape) materials you've chosen, for example, tile, paver, concrete or decking.

#### EDGE PROTECTOR

A 316L marine grade stainless steel frame inserted into a recess within the landscaped area. It protects the coping/surrounds from chipping/breakage when the Inlay Cover is opened/closed.

#### ADHESIVE AND DOCUMENTATION

A one-part adhesive specially developed for a long-term fitting of natural stone and porcelain tiles into the HIDE Inlay Series. Documents consist of comprehensive contractor installation instructions, homeowners warranty and manual.

### NO ACID OR CHEMICAL WASH

ACID and chemical washes will cause discolouration and/or rusting on the stainless steel HIDE components. Acid or chemical contact will void the HIDE warranty.

Please scan and read the Care & Maintenance document to better understand stainless steel care.
