SAFE

HIDE SKIMMER LID KIT INCLUDES

SAFETY KEY

A 316L marine grade stainless steel tool, to enable the installed HIDE cover to be safely and easily opened and closed.

HEIGHT ADJUSTER

Used only when additional height is required. Provides 2mm extra height if inlay material is not thick enough to achieve a flush finish with the top of the Inlay Cover.

INLAY LID

A 316L marine grade stainless steel tray which holds the inlay (landscape) materials you've chosen, for example, tile, paver, concrete or decking.

EDGE PROTECTOR

A 316L marine grade stainless steel frame inserted into a recess within the landscaped area. It protects the coping/surrounds from chipping/breakage when the Inlay Cover is opened/closed.

ADHESIVE AND DOCUMENTATION

A one-part adhesive specially developed for a long-term fitting of natural stone and porcelain tiles into the HIDE Inlay Series. Documents consist of comprehensive contractor installation instructions, homeowners warranty and manual.

NO ACID OR CHEMICAL WASH

ACID and chemical washes will cause discolouration and/or rusting on the stainless steel HIDE components. Acid or chemical contact will void the HIDE warranty.

Please scan and read the Care & Maintenance document to better understand stainless steel care.
